- **Maintenance Free**
- **Lightweight & Flexible**
- **Attractive Finish**

## FROM DESIGN TO BUILD...

Regal Rooflines can provide costings for your roofing project and specification from drawings supplied to meet all building regulations, whether it be a refurbishment or a brand new roof.

## THE PERMANENT SOLUTION TO LEAKING ROOFS.

*"Regal Rooflines were very hard-working, declining offers of 'brews', preferring to keep going. The team were at our home nice and early, which meant they finished before we returned at the end of the day. This suited our busy lives well. They were very tidy, spending time at the end of each day to clear up after themselves, and never entering our house with work boots on - without being asked not to! We felt they were trustworthy, and did not hesitate to leave them all day, with access to our home for toilet purposes. I would not hesitate to recommend Regal Rooflines and would be happy to use the firm again for future projects."*

# — FLAT ROOFS —

Regal Rooflines are a specialist flat roofing company, we pride ourselves on our quality first approach. For many years our team of skilled tradesmen have been installing high quality Fibreglass Flat roofing Systems.

We never employ high pressure sales tactics and are well known for our tidy work and obsessive attention to detail, your new installation could not be in safer hands. So, whether it's a leaky porch roof or a large commercial property, Regal Rooflines should be your first port of call.

## 100% SEAMLESS

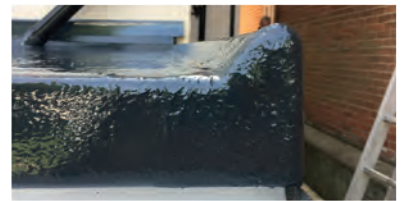

## LEAK FREE

# THE ROOF THAT LASTS A LIFETIME

HIGHLY DURABLE

COST EFFECTIVE

# BALCONIES & WALKWAYS

Our attractive fibreglass surfaces are seamless and ideal for balconies and areas with high foot traffic can have an anti-slip surface applied. Because of the durable and flexible nature of our fibreglass roofing material, it can be used in conjunction with wooden decking or ceramic tiles making sure your balcony stays weather proof and leak free.

As well as Balconies & Walkways our fibreglass systems can be used for Living Roof Gardens as roots cannot penetrate its surface and it can cope with the added weight of the garden and rain water.

*"I would like to say a big thank you for the excellent work you have done replacing my fascias and guttering. I will certainly recommend your company to my family and friends."*

**DONNA HOGAN**

## SKYLIGHTS & LANTERNS

Rooflights can be used in many different circumstances the modern, contemporary feel of this product can quite literally transform your living space or commercial premises, enabling natural light to flood in.

Unlike other roofing systems, our fibreglass roof systems are 100% seamless. This means that when the water drains around a skylight or lantern there are no joins for water to creep into.

Our fibreglass roofing system allows us to mould the roofing membrane to accommodate all Skylights & Lanterns regardless of make or size.

## — BOX & VALLEY GUTTERS —

Traditional lead & bitumen linings are often associated with leakage problems. Our fibreglass system is the ideal way to replace lead, box or valley gutters whether this is a new build project or an existing gutter. The fibreglass will create a seamless surface on any size or shape and will eliminate the risk of leaks, giving you peace of mind.

*After viewing the exhibition stand at Grand Designs I had the guys from Regal Rooflines fit my new garage roof. I couldn't believe how hard they worked, completed in a day. It now looks great!"*

**MR SIMPSON**

## — LEAD LOOK ROOFS —

Regal Rooflines fibreglass systems are an excellent solution for canopies, lead roll look & bespoke roofs. They are often used to replace existing lead or metal systems as they are cost effective, leak & tamper proof. Our lead look roofs have absolutely no joins unlike any other material on the market!

# — COMMERCIAL ROOFS —

Regal Rooflines can provide you with a flat roofing solution to meet the needs of most commercial properties, whether this is a large industrial unit or small flat roof that is part of larger premises. The fibreglass surface is installed on site with minimal disruption and mess providing you with a great looking, leak free solution for your business. Our 25 year guarantee with insurance backing will give you added peace of mind.

*"Thanks for the roof work at McDonalds Thamesmead. I am so glad that the council surveyor was impressed. It looks VG"*

Sheikh Taimoor

## — ORANGERY ROOFS —

Our fibreglass roof systems for Orangeries are 100% seamless. This means that whilst water drains around any Skylights or Windows, there are no joins for water to creep into. All other roofing materials require joins and will fail over time. Our systems also allow us to mould the roofing membrane to accommodate all Skylights & Lanterns regardless of make or size.

*"May I just say that I am very impressed with the work that you've done and also the way that you and your colleagues set about it: highly professional in all respects. I will have no hesitation in recommending your company to friends and neighbours. With many thanks and best regards"*

NEIL WALTON

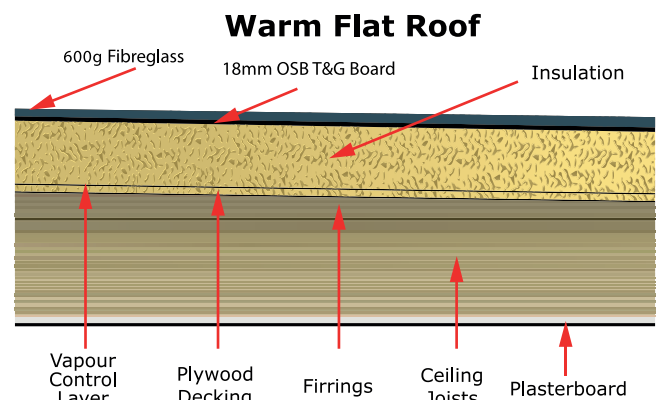

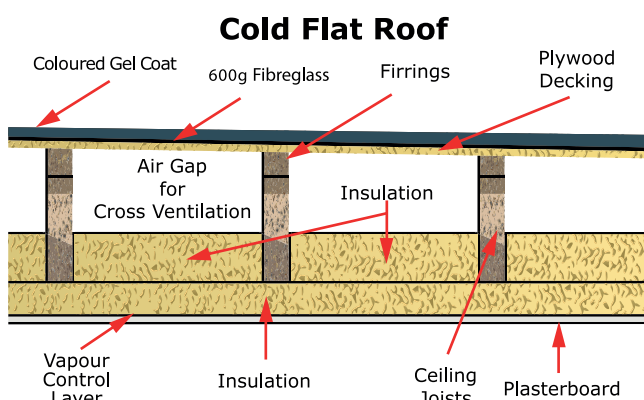

## — WARM & COLD ROOFS —

Whether you are building a new extension or refurbishing an old flat roof, it is important to consider insulating a roof to meet new building regulations and increase energy efficiency.

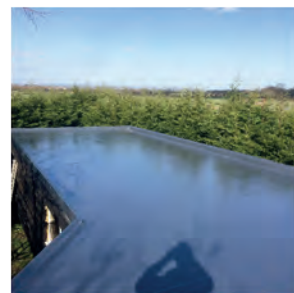

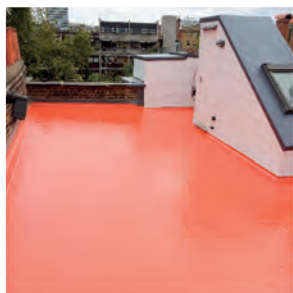

Regal Rooflines can not only carry out hot and cold roof installations but can advise you on the advantages and benefits of both solutions.

By insulating your roof using a 'warm roof' technique, you not only dramatically increase your energy efficiency but keep your house warm in the winter and cool in the summer!

## – SOME OF OUR HAPPY CLIENTS –

"May I just say that I am very impressed with the work that you've done and the also the way that you and your colleague set about it: highly professional in all respects. I will have no hesitation in recommending your company to friends and neighbours. With many thanks and best regards"

**NEIL WALTON**

"We were having a new dorm built on our home and Regal Rooflines were recommended by a local architect. They arrived on time and gave us a brilliant quotation so we had them fibreglass the roof. The roof looks so much better then a normal felt roof and now I know its going to last twice or three times as long. Thank you Regal Rooflines"

**MRS BEAUMONT**

"Outstanding job at a very reasonable price."

**MR GODDEN**

"I was introduced to Regal Rooflines through a friend who spoke highly of them. As well as being on time, polite and professional, they also has the best quote out of many roofers I had contacted to repair my leaking garage roof. I was more than happy with there service as it was quick and discrete and the roof now looks great and is sealed."
